ITALIC

Glyph

E-Ink Recorder

QUICK START

1 Charge and turn on

Connect USB-C to power. Press Power.

2 Connect to Italic

On your iPhone, open Italic:
Profile > Add device > Glyph > Find Glyph.

3 Record a Clip

On Home, hold the front Mic control and speak.
Release to save.

4 Record a Memo

Press Mic three times to start.
Press three times again to save.

Default button settings. Change them on Glyph in Settings > Buttons.

Read the guide

Setup, recording, Chat, files and firmware updates.

docs.italic.com/devices/glyph

On Chat

Hold Mic to ask Italic. Release to send.
Keep Italic open on your nearby iPhone.

Sync recordings

Keep Glyph nearby with Bluetooth on and Italic open. Recordings sync after saving.

Power and care

Press Power to lock or wake. If Glyph is off, press Power to start it. Keep Glyph dry.
